RE: EMERGENCY PLEA

Dear Governor Perry:

In behalf of the citizens of the YFZ Ranch in Eldorado, Texas, we, in the most solemn possible terms, call your attention to this critical crisis. We have sent prior notices to your office requesting an Emergency meeting with you, but have received no response.

Sir, out of grave concern for the welfare of our innocent children, we plead with you to exercise your Executive Authority to block the separation of our 437 children from their Mothers, and stop this injustice and abuse of these children.

The Texas Department of Family and Protective Services have demonstrated, in a most blatant way, their inability to properly care for, or even account for our children. Many have been left in critical medical conditions, resulting in **permanent mental damage** through threats, intimidation, and ultimately separating them from their parents, **disregarding their own Psychological expert advice to keep children with at least their mother.**

Child Protective Services (CPS) has continued to misrepresent the conditions and they continue to make false allegations about the finding of abuse against teenage girls. Some CPS employees have used the most inhumane tactics and threats towards innocent Mothers and Children. Threatening the Mothers continually that their children belong to the State. and they will never have the ability to see or have contact with them again, while they undergo interrogation for many unfounded allegations.

Sir, we need the leadership of this State to take an **unbiased assessment**, and not be driven by false reporting and unfounded allegations. which have resulted in some of the most **horrific violations of human rights that have ever been allowed on American soil**. We are calling your attention to these atrocities that have been happening to the citizens of the YFZ Ranch under your Leadership, and we call upon you to hold the Department accountable for the misrepresentation that they have portrayed, not only to you, but to the Nation. **Let us not make the mistake of reacting with militant force on bad intelligence.**

Your IMMEDIATE RESPONSE is necessary.

Sincerely,
